PROFESSIONAL SUMMARY

Performance-driven UI/UX Designer with hands-on experience spearheading user-centric web and mobile application concepts. Adept at translating complex functional data into intuitive wireframes, user journeys, and prototypes using Figma. Strong background in technical system workflows and usability heuristics.

PROFESSIONAL EXPERIENCE

UI/UX Design Intern

Jan 2026 – Apr 2026

Tech Elecon Pvt. Ltd. | Anand, Gujarat

- Engineered multi-tier dashboard modules for a Placement Portal, scaling system capacity for 5,000+ active campus users.
- Created 40+ comprehensive wireframes and high-fidelity interactive prototypes in Figma, reducing task completion time by 25%.
- Collaborated on iterative user flows, introducing visual hierarchies that increased navigation efficiency by 15%.

UI/UX Design Intern

May 2025 – June 2025

Tech Elecon Pvt. Ltd. | Anand, Gujarat

- Launched the end-to-end UX architecture for a hyperlocal mobile application to optimize local peer engagements.
- Developed 25+ structured wireframes and layouts in Figma, enhancing feature adoption parameters for chat workflows.
- Boosted platform usability metrics by 20% through comprehensive layout restructuring and multi-device responsive design breakpoints.

KEY PROJECTS

Placement Management Portal (Figma)

- Architected an automated campus recruitment interface with 3 unique dashboards to smoothly scale job posting pipelines.

Hyperlocal Community Connect App (Figma)

- Planned a geo-targeted network mobile interface containing real-time asynchronous chat modules to drive recurring user retention.

Gaming Accessories E-Commerce Store (Figma, Miro)

- Mapped full e-commerce purchase funnels from discovery to checkout page, applying advanced interactive layouts to decrease cart drop-offs.
